8:00 am – 4:00 pm

8:00 AM – 9:00 AM	**Registration** **Continental Breakfast sponsored by:**

9:00 AM – 9:45 AM	**What's New at Your CU** This is your chance to meet the other attendees and find out what everyone is working on.
9:45 AM – 10:15 AM	**SymWest Keynote Address & Symitar Update** *Presented by: Ed Miller, Symitar*
10:15 AM – 10:45 AM	**Vendor Rapid Fire** This is your chance to hear the vendors one-minute elevator pitch and find out what services they offer.
10:45 AM – 11:15 AM	**Vendor Tech Expo**
11:15 AM – 12:00 PM	**Financial Crimes Defender** *Presented by: Jack Henry* In this session learn about what Jack Henry is doing in the Financial Crimes space with Financial Crimes Defender - our newest Artificial Intelligence/Machine Learning, real time Fraud/AML/BSA platform. Defender is JH's go forward strategy, hear how it all ties together into our Technology modernization
12:00 PM – 1:00 PM	**LUNCH Sponsored by:**

Track 1 – Operations/Management | ## Track 2 – Programming/Technical

1:00 PM – 1:45 PM	**Decoding Automation: Unraveling Automation Tools and Terms to Achieve End-to-End Automation in Your CU** *Presented by: SMA Technologies* There's no shortage of acronyms when it comes to the various types of automation and orchestration. From RPA to BPA to WLA and beyond, it can all feel a bit like alphabet soup. To make sure you implement the right automation solutions for your business, it's crucial to understand the differences between each one and the role each one plays in your credit union. This session will not only break down the different types of automation—it will equip you to implement end-to-end automation—no breaking points, no silos, and most importantly no human intervention.	1:00 PM – 2:30 PM	**Power BI Beyond the Basics** *Presented by: CFS Insight* This class is for those familiar with the basics of Power BI development but who are experiencing challenges with establishing greater re-use within their creation of content, improving performance and/or building data sets that enable you to really wow the senior team. CFS will unpack many of the concepts that it employs when building Power BI models that are included with its software solutions. Participants can gain hands on experience and thought leadership on how they can take their Power BI deployments to the next level.
1:45 PM – 2:30 PM	**Making (or Missing) the Mark: How to Successfully Segment and Market Your Products to Members** *Presented by: Narmi* After 25 years of performing 1000's of DR Tests for credit unions and handling more real Disaster Recoveries than we care to count, IMS Cloud Services will share the secrets of Real Disaster Recovery Readiness. We'll spend an hour giving you the REAL SCOOP on why Disaster Recovery Readiness is a mixture of Art, Science, and Nerves of Steel. What you will learn: • How testing and real disasters are different. • What are the most important areas to pay attention to. • Areas where great teamwork makes a huge difference. • How Ransomware has flipped the script. • The reality of REAL recovery from a ransomware attack. • Why the more things change… The More They Stay The Same.		

2:30 PM – 2:45 PM	**Break Sponsored by:**

Track 1 – Operations/Management | ## Track 2 – Programming/Technical

2:45 PM – 3:30 PM	**SymAdvisor Roundtable: Hot Topics** *Presented by: Jack Henry* Learn more and discuss trending hot topics such as managing recommended "predatory" fee changes, loan rate changes optimization, and what does "member centric" mean to your CU and how can JH support you.	2:45 PM – 4:00 PM	**Become the Indiana Jones of your CU** *Presented by: Technology Happens* This interactive class will present and discuss the important technology trends and disciplines that will impact the success of the Credit Union in 2024 and beyond. We'll talk about technology islands, deserts, sinkholes, expeditions, and generations. The goal of this class is to empower each attendee to know the important technology trends and disciplines and how to navigate each so they may deliver improved results for their Credit Union.
3:30 PM – 4:00 PM	**"Cultivating Future Tech Innovators: Nurturing Developers from the Ground Up"** *Facilitated by: Adele Glenn, Cutek* Unlock the secrets of CUTEK's "farm" system which has led to great successes in fostering a new generation of skilled developers - all trained from scratch. In this dynamic session, participants will delve into the art and science of cultivating raw talent into thriving tech professionals. Participants will leave equipped with the knowledge and tools to nurture raw talent into thriving developers, fostering innovation and diversity in the ever-expanding tech landscape.		

Happy Hour from 4:30 – 6:30 PM at the Vendor Expo

8:00 am – 4:00 pm

8:00 AM – 9:00 AM	**Continental Breakfast Sponsored by:**
9:00 AM – 9:45 AM	**Harnessing the Power of Jack Henry Symitar Data** *Presented by: Jack Henry* See how Jack Henry's newest efforts can enable your Credit Union to better leverage your data to meet your business needs.
9:45 AM – 10:30AM	**Micro Apps & HTML** *Presented by: Jack Henry* This session will show off the new HTML Teller Transaction and Account Manager work areas. It will also highlight some of the
10:30 AM – 11:00 AM	**Vendor Tech Expo**
11:00 AM – 11:55 AM	**Education in Security by Stickley** *Presented by: Jim Stickley, Stickley on Security* Jim will educate you on everything you need to know about security threats to you and your members.
12:00 PM – 1:00 PM	**LUNCH Sponsored by:**

Track 1 – Operations/Management		Track 2 – Programming/Technical	
1:00 PM – 1:45 PM	**Habits of Highly Effective Data Analytic Programs** *Presented by: Jason Bedsworth, CFS Insight* You may have heard of or read the famous book, "The Seven Habits of Highly Effective People", by Stephen R. Covey. Just as there are habits of highly effective people, there are habits of highly effective data analytics programs. This topic brings the success stories of other credit unions together in the form of behaviors/best practices that greatly increase the success of data analytics programs at credit unions. CFS will incorporate directly through its customers participating in the session content or indirectly from their documented experiences. This session is excellent for senior team and director level staff as well as members of credit union data/analytic teams tasked with helping the credit union become more data driven. Participants will receive a summary guide as a takeaway to communicate with their respective teams at the credit union.	1:00 PM – 2:30 PM	**The Solution Room: Collaborative Problem-Solving for Innovative Solutions** *Presented by: Adele Glenn, Cutek* Welcome to The Solution Room, an interactive and dynamic session designed to harness the collective wisdom and creativity of our diverse community. In this engaging and participatory session, we invite you to step into a collaborative space where challenges transform into opportunities for innovative solutions.
1:45 PM – 2:30 PM	**Payments Strategy – The Demand and Adoption of Instant Payments** *Presented by: Catalyst* Momentum continues to build as financial institutions move forward with the implementation of faster payment solutions. The FedNow® Service went live in July 2023 and is gaining widespread adoption. Additional faster payment capabilities including RTP, Visa Direct, MasterCard Send and Same Day ACH are enabling innovation and efficiency for both consumers and businesses. We will discuss the transformation in payments with a goal to instantly be able to transact and settle a payment to anyone, anywhere, at any time. We'll also discuss the industry drive toward ubiquity and how the collaboration of corporate credit unions and banker's banks are working together in driving adoption.		
2:30 PM – 2:45 PM	**Break Sponsored by:**		
2:45 PM – 3:30 PM	**Mergers Demystified** *Facilitated by: Technology Happens* This session will focus on the increasing trend for Mergers in the Financial Services Industry. We will first look at the primary drivers of this hot trend and then review the critical steps that must be managed to ensure the success for any Merger.	2:45 PM – 4:00 PM	**The Solution Room: Collaborative Problem-Solving for Innovative Solutions** (Part 2) *Presented by: Cutek* Continuation of part 1.
3:30 PM – 4:00 PM	**Data Discussions** *Presented by: Facilitated by Kelly Gage (Red Canoe CU), John Ryan (SELCO Community CU) and Melanie Whalen (Numerica CU)* Hear how CUs are tackling data quality, predictive analytics, data governances and more…

Friday, May 17th, 2024
8:30 am – Noon

8:00 AM – 9:00 AM	**Continental Breakfast Sponsored by:** SYCORR®
9:00 AM – 9:45 AM	**How Easy is Ease** *Facilitated by: Becky Navarre (iQ CU), Scott Nerger (Numerica CU)* Becky and Scott, long time on-prem core experts, will share the lessons they've learned moving to EASE. They'll answer your questions and talk about the pros and cons of EASE.
9:45 AM – 10:30 AM	**SymXchange Developer Roundtable** *Facilitated by: Carson Ketter, Josh Mollohan (Sound CU)* SymXchange isn't extensively formally documented, and sometimes building a network of fellow developers is the best informal documentation around. They'll lead a discussion on successes, challenges, best practices, and lessons learned.
10:30 AM – 11:00 AM	**Vendor Expo & Networking** **Sponsored by:**
11:00 AM – 11:30 AM	**CU Build** *Presented by: Brad Hickey (American Airlines CU)* CU Build is a team of credit union volunteers hosting a first of its kind cross-credit union build-a-thon on the Symitar ecosystem. A build-a-thon is an event where programmers, business experts, and other innovators get together to solve real-world problems in a sandbox environment that has access to cutting edge tools, services, and platforms. The team is excited to share with you plans for the 2020 build and ways in which you can get involved. Learn about the event, what to expect and what CU Build is hoping to achieve with this groundbreaking initiative.
11:30 AM – Noon	**Credit Union Presentation** *Presented by: TBD* Coming soon….
